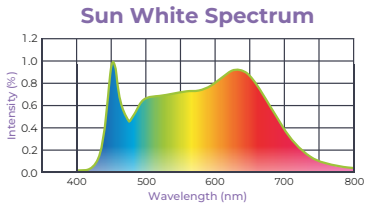
Flowers & Fruits 3-Tier Walden White LED Grow Tent Kit

WALDEN
By Active Grow



Maximum Strength 3-Tier Shelving

3 fixed shelves provide up to 24 ft² of grow space and support up to 100 lbs each. Shelves are spaced 18" apart to easily accommodate plants, mushrooms and lighting.

EcoWhite PEVA – Triple Layered

This BPA-free, phthalate-free, chlorine-free and low-VOC material creates a safe, stylish and easy to clean growing area compared to traditional mylar tents.

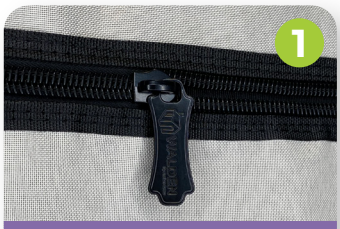
Vapor Tabs for High Humidity

Innovative Vapor Tabs direct humidity buildup on the tent interior straight into the spill tray, preventing leaking through the tent floor and creating a contaminated space.

Infinity View Front Windows

Extra-large front viewing windows let growers check on plants without disturbing humidity or temperature. Window covers roll back and secure with velcro straps.

3-Tier Walden Grow Tent Features



Heavy Duty Zippers

Max Strength Shelves

- Heavy duty 1/8'' braided rope with carabiner and ratchet
- Fully adjustable and auto locking
- Supports up to 150 lbs/pair
- Designed to hang lighting, fan, filter, etc.

What Can I Grow?

The Flowers & Fruits 3-Tier Walden White LED Grow Tent Kit is our brightest, most efficient system for growing everything from seedlings, to flowers, to fruits and other high light level requirement plants like orchids, edible flowers, tomatoes, peppers, cannabis, hemp and more in 10x20 trays, small-medium sized pots or small hydroponic setups. Fixtures should be placed 6-24'' above plants.

Sun White Spectrum

HIGH CRI

The spectrum that started it all and can grow almost anything is a full-spectrum light formulated to mimic natural sunlight conditions and is ideal for every stage of plant growth. High CRI 95 light accentuates plant coloration and makes visual inspection easier. Includes 660 nm (red) and 730 nm (far-red) wavelengths to boost photosynthesis rates via the Emerson Effect.
