This full spectrum LED grow light is designed for a variety of use cases. Also known as "STEALTH" for its low profile and powerful output. The full spectrum bright white light is enriched with added 660nm red, which maximizes plant growth and vitality.

This 760 watt fixture has a 6-bar construction. Output can be adjusted between 25%, 50%, 75% and 100% via the onboard dimming button.

The Secret Lighting Control (NOT INCLUDED) can be added to one or more Secret Lighting fixtures for even more precise external dimming control.

SPECIFICATION	SECRET SL-760
Operating Voltage	100-277 VAC
Operating Freq	50/60 Hz
Input Current	6.33A @ 120V, 3.16A @ 240V, 2.74A @ 277V
PPF (umol/s)	2204
Energy Use	760 Watts (±5%)
PPF/Watt (umol/J)	2.9
Operating Temp	-4°F to 95°F (-20°C to 35°C)
BTU Output	2593
Dimensions (in)	43.31 x 43.31 x 3.54
Dimensions (mm)	1100 x 1100 x 90
Net Weight	26.01 lbs (11.8 kg)
Warranty	5 Year Limited
Life Rating	Q90 > 50,000 Hours
Certifications	ETL, CE, DLC Hort
Environment	IP65, Wet Rated

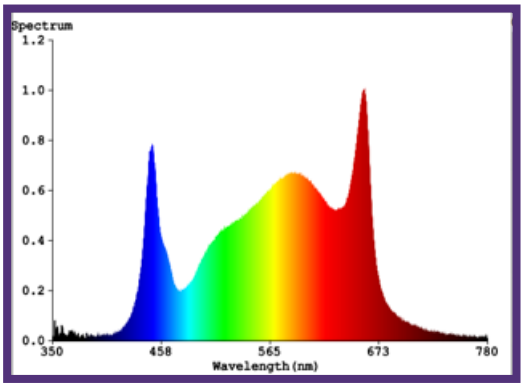

Package Contents

1 Fixture x1
2 Fixture Hooks x2
3 SECRET Power Cord (6.5') x1
(see available *Power Cord Voltage Options*)
4 SECRET Control Cable (10') x1

Power Cord Voltage Options

120V (NEMA 5-15P) | 240V (NEMA 6-15P) | 277V (OPEN-END/WHIP)
